

FINANCIAL REPORT Q1 2026

Revenue increased significantly this quarter, reaching \$1,200,000 compared to \$900,000 last quarter.

Sales growth was driven by new market expansion and improved customer acquisition.

However, operating costs also increased due to higher logistics and staffing expenses.

Total operating cost rose to \$650,000, representing an 18% increase compared to the previous quarter.

Net profit remained positive at \$320,000, but margins are under pressure due to rising expenses.

The company also reported outstanding debt obligations of \$150,000 linked to infrastructure expansion projects.
